To Whom It May Concern:

Pangburn Property Management (PPM) has been an asset to H&H Properties in providing comprehensive and professional property management services. Since hiring PPM in 2011 H&H Properties has experienced exceptional support, maintenance and occupancy of our 8 units in the Bangor, Maine area. Paul and his team are responsive, communicate well and are very knowledgeable about the local, state and federal regulations regarding rental properties.

Working with PPM for property management services has proven a smart decision for our business and we would recommend PPM to others in need of similar support.
