To Whom It May Concern

As a homeowner client of Paul Pangburn for the past eight years, I have been pleased with the lawn maintenance and clean-up and snow plowing services he has provided. His work has consistently been of high quality and reliability and he has been very responsive to any concerns or needs I have had. I would recommend Paul for any of the services he offers.

Recently I have had occasion to use Paul's House Watch service, where he took care of the indoor heating, lighting, and water systems of my home for seven months while I was away, including over a very severe winter. A great feature of this service is that Paul visited my home on a daily basis and kept a lived-in look and feel to the place through the various means he uses. I didn't realize how much care a home requires when it is vacant for a period of time, but I was able to leave my concerns with Paul and rest assured that it was being well taken care of. I was able to return to a clean and comfortable home, and all for a very reasonable cost.

I am pleased to recommend Paul for any of his services. I think you will find his a highly capable and professional service.
